

THE NEW FANNING MILL.

EARNERS AND GRAIN DEALERS.

ATTENTION!

THE BEST COMBINED

GRAIN AND SEED SEPARATOR

IN EXISTENCE!

THREE MACHINES IN ONE

We Challenge the World to Produce Its Equal!

It is Compact and Simple in Construction, while for the Rapidity and Variety of its Work it is

UNRIVALED!

THIS MACHINE WILL CLEAN AND SEPARATE THE

Foulest Wheat

from Stem, Chaff, Cockle, blighted, broken and shriveled grains, and other impurities leaving the best healthy, plump and perfect grain for sowing. Every intelligent farmer knows the advantage of sowing

PURE SEED WHEAT

so that when you raise a crop you will have NOTHING BUT WHEAT, and consequently will raise three or four bushels more to the acre.

It cleans Wheat for market WITHOUT waste, saving the small grains. It will clean from 300 to 600 bushels of wheat per day, and clean at one running through. It cleans Corn, Oats, Rye, Barley, Timothy, Clover, Hemp, Flax and Hungarian Grass Seed, and if Clover and Timothy seeds be raised it will separate them.

Grain Dealers will give from twenty-five to fifty cents more on the bushel for seed wheat cleaned on this machine.

Millers can save from one-third to one-half of the WASTE, which they would otherwise feed to their pigs, and from which they can make good family flour.

It cleans the Wheat directly into the mill, thereby avoiding the waste, as well as the time and labor formerly expended in cleaning the grain.

The best Farmers, Millers, Grain Dealers, Merchants and Business Men pronounce this Mill a perfect success, and a valuable addition which has long been needed.

Each test of this machine, and ask all employing Farmers, Grain Dealers and Millers interested in this kind of machinery to give this

SEPARATOR

careful investigation, feeling satisfied that its merits are far superior to all other machines. The Patent granted to

J. NEWTON WILLIAMS, JR.,

of St. Paul, Minnesota, on the 23d of October, 1880, covers RIGHT SPRING AND SHROUDED CYLINDERS, thereby securing to parties purchasing Territory an exclusive monopoly in this valuable invention for

SEVENTEEN YEARS.

Wanted! Energetic and Responsible Men

capable of conducting a business of from \$2000 to \$10,000, to purchase an interest in the Machine. To such parties we offer

Unparalleled Inducements,

and so come and see us, and see if we do not convince you that you can make more money in a business investment in handling this separator than in any other business. The Mills are made of

Good, Strong, Well Seasoned Lumber,

AND

EVERY MACHINE WARRANTED.
